

# VEHICULAR EMISSIONS SCHEME

## HYBRID ELECTRIC VEHICLE

### Fuel Consumption

**5.5** l/100km

Actual fuel consumption and emissions will depend on driving behaviour as well as other factors such as traffic and vehicle conditions. Fuel consumption, CO<sub>2</sub> and pollutant figures are derived from standardised tests and tested in accordance with European or Japanese regulations.

### Emissions

Banding is based on the emission level of the worst performing emission. (in red below)

CO <sub>2</sub> (g/km)	CO (g/km)	HC (g/km)	NO <sub>x</sub> (g/km)	PM (mg/km)
123 A2	0.0440 A1	0.0075 A1	0.0040 A1	0.50 B

When PM Value for PFI vehicle is not provided, it is taken to be in the C2 band

(Applicable from 1 Jul 2021 to 31 Dec 2023)

**Vehicle Make:** NISSAN

**Vehicle Model:** SERENA 1.2XV E-POWER WELCAB

**Engine Capacity**

**YES Approval Number:** VP2345824

**& Fuel Type:** 1198cc Petrol-Electric
